

JANUARY 2022,

PORTLAND ARTS & VOCATIONAL EDUCATION
CENTRE

Cheers

TO THE NEW YEAR

"The secret to change is to focus all of your energy not on fighting the old, but on building the new."

PAVE Centre Update:

A New Year means a fresh start and new opportunities. Even with the hardships of 2021 due to the surge of COVID, we have luckily been able to conquer these difficulties and open our school in Port Antonio, Jamaica.

After years of searching for the best possible location and space for our students, we are happy to announce we have launched our first classes at the facility. Our team has worked diligently to have the school ready for the New Year so our students can flourish both personally and professionally. The facility will offer skilled training classes and host many events that will help empower the youths living in Portland.

A huge thank you to all of our supporters that have attributed to the success of PAVE along the way. This continued support will reshape the opportunities for growth and education for the at-risk youth in Jamaica. We are excited to see what this New Year has in store. May the New Year bring you and your families peace, health, and happiness!
