PAVE's Annual Cleanup Initiative

For the last 2 years PAVE has organized a community cleanup around Portland. A number of PAVE graduates and community partners, participated in the project on April 23, 2021. The group of 30 people started at Frenchman's Cove and ended at Winnifred Beach. The team removed all trash and debris from the side of the road and gullies. Be the change you wish to see in your community!
