PAVE Cleanup Initiative

This past November, PAVE students, graduates, staff, and community partners joined us in our bi-annual cleanup project. Our teams were able to clean 8 miles / 13 km of coastal roads free of garbage by filling over 100 garbage bags with plastic bottles and trash from the side of the road.

This was an opportunity to educate the youth on the importance of keeping the ocean and land clear of trash. All participants were provided a cooked lunch in reusable containers at the completion of the cleanup.

Below is the local news station's coverage of the cleanup.

Thank you to all of our sponsors who made the clean up possible.

Stewart's Automotive Group, Norse Hill Estate, Alligator Head Foundation, Kendall United Methodist Church, ari SkinCare, & Frenchman's Cove Jamaica

We could not have done it without you!
